DIMAP V Arduino

4 outputs A,B,C,D

Large color touch screen

Individual / Common memory mode

Built-in application library

Frequency range 2-200Hz, Pulse wave

English language

DIMAP V Arduino

Price: 1556 €

DIMAP VF

Frequency range 1-50Hz

The memory retains all settings during a power failure

Individual / Common setting

TYPE VF 2 outputs (2x75 programs)

Price : 1200 €

TYPE VF 4 outputs (4x75 programs)

Price : 1448 €

DIMAP VM

Frequency range 1-200Hz

The memory retains all settings during a power failure

Individual / Common setting

Memory for a database of 20 patients

TYPE VM 2 outputs (2x78 programs)

Price : 1240 €

TYPE VM 4 outputs (4x78 programs)

Price : 1468 €

DIMAP Bioconfort

Two output portable device

Programs A, B, C, 0-13

Frequency, time, intensity choice

Intensite 1-10

Digital display

LED indication

Acoustic and optical signaling

Overload, short circuit protection system

Price : 872 €

A1H

Designed for the application of pulse magnetic fields around the hands, wrist, elbow, C-spine, hip or head

Dimensions: diameter 22cm and 3cm high

Price: 108 €

A2Hu

Designed for the application of pulse magnetic fields around the shoulders, knees, hips, kidney

Dimensions: 27cm width, 67cm length, 3cm high

Price: 174 €

A3H

Designed for the application of pulse magnetic fields around the spine, back, hips, kidneys.

Dimensions: 98cm width, 42cm length, 4cm high

Price: 207 €

S2H30

Designed for the application of pulse magnetic fields on the upper and lower limbs, and on the joints

Dimensions: diameter 30cm

Price: 220 €

S1H60 e

Designed for the application of pulse magnetic fields around the upper half of body

Dimensions: diameter 60cm

Price : 296 €

S1H70 e

Designed for the application of pulse magnetic fields around the upper half of body

Dimensions: diameter 70cm

A leather bed is available for the S1H70 applicator

Applicator S1H70

Price : 452 €

Leather bed

Price : 1036 e

Set leather bed + S1H70

Price : 1488 €

S3H20 e

Designed for the application of pulse magnetic fields on the upper limbs.

Dimensions: diameter 20cm

Price : 173 €

A2H3D e

A2H3D applicator is a three-part mat designed for the application of deeper pulse magnetic fields around the hips and kidneys.

Dimensions: 34cm width, 75cm length, 3cm high

It is used as a cheaper alternative to the S1H applicator.

Price : 158 €

A2HD 34/40 e

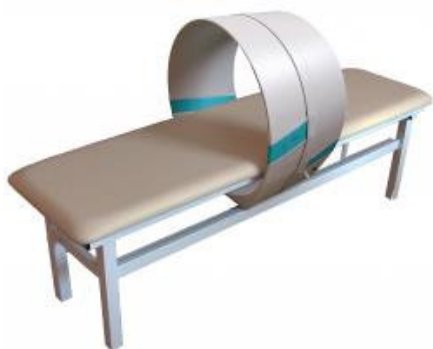

A2HD34/40 applicator is a applicator designed for the application of pulse magnetic fields around the hips and kidneys.

Dimensions: 34cm width, 40cm length, 3cm high

Price : 170 €

LEATHER BEDS

LEATHER BED WITH APPLICATOR S1H70

Modern, reliable couch covered with leatherette + applicator S1H70 (diameter 70cm)

Price : 1488 €

MAXIMAL PROTECTION OF OPERATOR

MAGNETIC SHADE APPLICATORS FOR MAXIMUM OPERATION PROTECTION		PRICE
A1H	Flat universal circle Ø 22x3 cm	164 €
A2Hu	The application is performed by placing one part to shoulder from back side and second part to front side.	213 €
A3H	The application is performed in lying.	250 €
S2H30	Solenoid, diameter 30cm	284 €
S1H60	Solenoid, diameter 60cm	364 €
S1H70	Solenoid, diameter 70cm	553 €
